EDUCATION

Bachelor of Engineering in Information Technology CGPA: 8.89 2020 – 2024
Parvatibai Genba Moze College of Engineering, Pune (SPPU University)

Higher Secondary School Certificate Percentage: 65.38% 2019 – 2020
Toshniwal's Arts Commerce and Science Jr. College, Sengaon

SKILLS

Programming Language: Java

Web Development: Thymeleaf, Bootstrap

Framework: Spring Boot

Database Management: Java Database Connectivity (JDBC), SQL, MySQL

Tools: Vs Code, Eclipse, IntelliJ Idea, Postman, Maven

PROJECTS

Mr. Repair: Streamlined Repair Services Platform | Thymeleaf | Spring Boot | MySQL | [GitHub](#)

- Developed a dynamic service booking system with real-time updates, allowing customers to schedule and track repair services, resulting in a 25% increase in customer satisfaction.
- Enhanced the user interface for mobile and desktop platforms using Thymeleaf and Bootstrap, improving responsiveness by 50% and reducing load times by 20%.

Collegify: MHT-CET Prediction Web Application | Thymeleaf | Spring Boot | MySQL | [GitHub](#)

- Engineered an efficient algorithm to predict eligible colleges within a ± 5 percentile range, enhancing decision – making accuracy for students.
- Led a project to integrate user-centric tools for personalized college insights, enhancing decision-making and improving selection efficiency by 25%.

Tech Phantom: Web Application for Engineering Student | Thymeleaf | Spring Boot | MySQL | [GitHub](#)

- Developed a full- stack web application for Tech Phantom, a startup assisting last- year engineering students with academic projects, reports, black book printing, and research papers publication in UGC Care.
- Documented technical specifications and user guides to support future maintenance and onboarding.
- Collaborated with a cross-functional team to gather requirements and iteratively improve features based on user feedback.

PUBLICATION & RESEARCH

- Research and implemented the College Automation System (Academix Portal) showcase in the (IJSREM) resulting in 40% reduction in the time spent on manual enrolment process. | [Publication](#) | [Certificate](#)

CERTIFICATIONS & ACHIEVEMENT

- Mastering the Fundamentals of Java – Scalar Topics, July 2023 | [Certificate](#)
- Java Problem Solving 1 & 2 – CodeChef, July 2023 | [Certificate](#)
- Recognized for exceptional academic dedication and maintaining a SGPA of 8.5+ for each year.
- Captained the team to 2nd place in the MPL Cricket Tournament, competing against 20+ college teams.

LEADERSHIP

- Project Head Coordinator:** Engineered and implemented a project plan for a major initiative defining scope, set milestones, and allocated tasks to a team of 4 members.
- General Secretary:** Organized 15+ college functions, increasing student engagement by 40% Secured sponsorship that boosted event by 35%.
